## PROGRAM NOTE

**Reigniere** (pronounced: Rainier) is composed in three large sections. As a programmatic work, the piece depicts two travelers' experience of discovering Mount Rainier located outside Tacoma, Washington. The first section of the piece represents the travelers' walk through the forest that surrounds the mountain. While rather dark, light from the sun and the peaks of the mountain shine through the thick forest, represented by the bright percussion and piano gestures. They are greeted by the song of the mountain, played by the alto flute, luring them to continue their travels. Making their way through the forest, murmurs in the winds, accompanied by triumphant calls come from the high and low brass, create the final exit out of the forest and into the clearing. Here, the travelers see the mountain in full color and glory for the first time. As they continue looking at the mountain, their initial awe and wonder subsides and they begin to see the different features of the mountain, which begins the second section.

Sparkling with colors of bright orange, purple, and pink outlined with white lines of snow, they begin to see the playful nature of the light that hits the awe-inspired peaks and beautiful shape of the mountain, which can be heard in the effervescent woodwinds and glistening percussion. As they continue through the clearing, the music begins to grow in intensity, now incorporating the revised opening melody. Stunning colors and explosions of light are on full display here. As they continue through the clearing, they are once again reminded of their initial reactions, represented by the full brass choral. They enter the forest once more, again greeted by the song of the mountain, seducing them to return to the clearing.

**Reigniere** was commissioned by Dr. Danh Pham, a dear friend and colleague to whom I owe many thanks.

## PERFORMANCE NOTE

### **Alto Flute**

As a prominent feature and character of the work, the alto flute should be used whenever possible. If alto flute is unavailable, an additional flute I part is included with the solo for C Flute.

### **English Horn - Soprano Saxophone**

Selected as an orchestral color, a solo has been placed in the second oboe part for English Horn. If English Horn is unavailable, a cue has been placed in the alto saxophone I part for solo Soprano Saxophone.

### **Tempi**

The work creates a large ABA form, with tempi reflecting this form: slow-fast-slow. Whenever possible, the indicated tempo should be used, but should not drop below the indicated tempo marking.
